## Uncover Evidence Hidden in Mountains of Digital Data

With an ever-growing variety of digital devices and cloud sources that produce volumes of highly valuable and often complex data, your team needs an **intuitive tool to help you take advantage of this critical evidence source and lighten the load on your time and resources.**

**Cellebrite Pathfinder** is the industry-leading solution in helping law enforcement expedite investigations. Cellebrite Pathfinder uses AI to swiftly sift through all types of digital data, automatically decoding it to surface critical evidence and actionable insights from digital devices, so that your team can focus on solving the case.

Cellebrite Pathfinder expedites your investigation, enabling you to:

### Simplify

- **Organize complex data** to give an intuitive overview across texts, images, emails, videos, documents and apps.
- **Unify digital fingerprints** to identify persons of interest by correlating identifiers across apps and data sources.
- **Enrich technical information** into digestible insights, including from browsers, apps, cell towers and wifi hotspots.
- **Better understand conversations** prior to and during the event with a holistic overview of communication across all apps.

### Analyze

- **Easily review relevant data** with automatic grouping of media into built-in and tailorble categories.
- **Reveal important insights** automatically surfaced from text analysis including names, places, websites, currencies, and languages.
- **Uncover patterns in location data** through maps of visited places, shared intersections, and irregular points of interest.

### Collaborate

- **Streamline processes** to allow smoother collaboration with internal teams and external stakeholders.
- **Create comprehensive reports** to present to teams, chain of command and partner agencies.
